Weatherwood  
Brown  
Gray  
Clay  
Ivory

## DECKING BOARDS

- Not a wood composite product; no wood or rice shell fillers at all
- Advanced PVC cellular technology
- Natural "wood-grain" appearance
- Fastener & groove system makes installation easy
- Environmentally friendly, contains no harmful materials
- 40-50% lighter than most alternatives, and much stronger and more durable

Cellek deck was tested by driving a car and a forklift on it. The board was undamaged.

**Looking for regional distributors**

Meets ASTM standard

**LIFETIME LIMITED WARRANTY**

## SCRATCH RESISTANT

As illustrated, drag a key across the decking boards, there will be no grain loss or scratch marks on the strong and dense surface of Cellek deck board.

## SPLIT RESISTANT

Drive a screw near the edge of the decking board without pre-drilling, Cellek deck board will not split, crack or show mushroom distortion.

## STAIN RESISTANT

Apply ketchup, BBQ sauce, cooking oil and wait as long as you like, then wipe. Cellek deck board will not stain.

## MOLD RESISTANT

Cellek deck boards are made with cellular vinyl technology and contain no wood or rice shell fillers. Cellek deck resists mold growth from the inside out.
